Working at CMC-Union has allowed me to pursue additional educational opportunities, especially by allowing me to complete my Doctor of Pharmacy degree while working full-time. Exceptional clinical training done during this program has greatly improved my job performance and given me the opportunity to directly impact the care of our patients. CMC-Union offers a challenging and exciting work environment with all of the tools and equipment needed for excellent job performance. The technological advances in the Pharmacy Department are "cutting edge" and tie in very well with CMC-Union's inclusion as a Most-Wired Hospital facility.
