In The Spotlight

Congressman Eric Cantor's District Representative, Lloyd Lenhart, will hold constituent hours from 2:30-4:30 p.m. in the meeting room at the Midlothian Library on Wed., Jan. 17. Congressman Cantor's office provides this service for constituents who have problems of a federal nature. Some of the federal agencies and benefits with which you can receive assistance are the Internal Revenue Service, Social Security, Medicare, Medicaid, federal small business loans, visas, passports, immigration, federal student loans, veteran's benefits, and FHA/HUD loans. Citizens are also welcome to express their opinions on matters of concern, particularly national topics or issues before the United States Congress. Constituents who wish to make direct contact with the congressman's district office may also call 747-4073 or visit <http://cantor.house.gov>.

Myers, "Giants in the Earth" by O.E. Rolvaag, and "A Tree Grows in Brooklyn" by Betty Smith. Please call 748-1603 for more information.

Tues., Jan. 23

Read 2 Rover, 4:30-5:30 p.m., Central Library, 9501 Lori Rd., Chesterfield. Children are invited to read to a certified therapy dog through Read 2 Rover, a program by Caring Canines, which is designed to help children become better readers. The dogs sit quietly next to children while they read, thus providing comfort and companionship to children who struggle with reading or who simply want to improve their reading. Please call 748-1604 for more information or visit www.library.chesterfield.gov.

Chesterfield County School Board, 7:30 p.m., Public Meeting Room, County Administration Building, 9901 Lori Rd.

LOOKING AHEAD...

You CAN end your back or neck pain... WITHOUT surgery!

- Do you suffer from low back/ neck pain, herniated disc(s), degenerative disc disease, facet syndrome, spinal stenosis, sciatica or failed spinal surgery?
- Have you tried chiropractic, pain management and/or physical therapy without getting enough relief?
- Have you been told "you will just have to learn to live with the pain" or is your doctor recommending surgery?

Then you owe it to yourself to consider highly effective Spinal Decompression Therapy utilizing the FDA approved Triton® DTS™ system.

How effective is this "state of the art" therapy? One medical study documented reduction of disc herniations up to 90% in the majority of cases and another medical study reported that 86% of ruptured disc patients achieved "good" to "excellent" results after Spinal Decompression Therapy!

There is finally a non-surgical answer for spinal problems! Don't risk surgery until you learn about DTS™ Spinal Decompression Therapy! It has helped thousands and it will likely help YOU!
